

Vabilo

Spoštovani mentorji in doktorski študenti,

vljudno vabljeni na

“Šesto srečanje mentorjev in doktorskih študentov”

ki bo potekalo

**v torek, 20. 10. 2026, med 10.00 in 12.00 uro. Dogodek bo gostila Univerzitetna knjižnica UP
(Trubarjeva dvorana) v Kopru.**

Program

Uvodni pozdravni nagovor

prof. dr. Štefko Miklavič, prorektor za znanstveno-raziskovalno in razvojno delo Univerze na Primorskem

Raziskovalni podatki v dobi odprte znanosti: kaj, zakaj in kako objaviti?

10:05-10:45 | doc. dr. Ana Slavec, Fakulteta za matematiko, naravoslovje in informacijske tehnologije,
Univerza na Primorskem

Objavljanje raziskovalnih podatkov postaja vse pogostejša zahteva financerjev raziskav in znanstvenih revij. Predavanje bo predstavilo ključne vidike priprave podatkov za objavo, od izbire repozitorija in dokumentiranja podatkov do pravnih, etičnih in organizacijskih izzivov. Na konkretnih primerih bodo prikazane dobre prakse deljenja raziskovalnih podatkov, dotaknili pa se bomo tudi vprašanj anonimizacije in zaščite občutljivih podatkov.

Ocenjevanje raziskav in vrednotenje raziskovalcev: zakaj in kako?

10:50-11:30 | doc. dr. Sebastian Dahle, Biotehniška fakulteta, Univerza v Ljubljani

Vrednotenje oz. ocenjevanje je ena ključna dejavnost, ki oblikuje raziskovalni sistem in zagotavlja tako kakovost raziskovalnih dejavnosti kot tudi zanesljivost raziskovalnih rezultatov oz. zaupanje v njih. Hkrati je vrednotenje ključni dejavnik, ki omogoča ali onemogoča raziskovalne kariere in zato močno vpliva na vsakdanje delo raziskovalca. Predavanje bo predstavilo vrednotenje in ocenjevanje raziskovalnih dejavnosti v našem akademskem sistemu. Prikazani bodo različni vidiki in načini ocenjevanja ter vrednote, na katerih temeljijo. Končno bo predstavljen pogled na prihajajoče spremembe, vključno s podrobnem pregledom v evropsko Koalicijo za napredek pri ocenjevanju raziskav (CoARA).

Razprava in zaključek

11:30-12:00

Dogodek bo potekal v slovenskem jeziku, povezovala ga bo Sara Maksimović (SZK UP). Dogodek se bo snemal.

PRIJAVA

Invitation

Dear PhD Mentors and PhD Students,

You are cordially invited to the

“Sixth Meeting of PhD Mentors and PhD Students”

The meeting will take place

on Tuesday, October 20th, 2026, from 10:00 to 12:00. The event will be hosted by the UP University library (Trubarjeva dvorana) in Koper.

Agenda

Welcome address

Prof. Dr. Štefko Miklavič, Vice Rector for Research and Development at the University of Primorska

Research data in the era of open science: What, why, and how to publish?

10:05-10:45 | Assist. Prof. Dr. Ana Slavec, Faculty of Mathematics, Natural Sciences and Information Technologies, University of Primorska

Publishing research data is becoming an increasingly common requirement from research funders and scientific journals. The lecture will present key aspects of preparing data for publication, ranging from repository selection and data documentation to legal, ethical, and organizational challenges. The lecture will illustrate best practices for sharing research data through concrete examples and address issues related to anonymization and protecting sensitive data.

Research assessment and evaluation: why and how?

10:50-11:30 | Assist. Prof. Dr. Sebastian Dahle, Biotechnical Faculty, University of Ljubljana

Evaluation and assessment are key activities that shape the research system, ensuring both the quality of research and the reliability or trust in research results. At the same time, evaluation is a crucial factor that can either enable or hinder research careers, thereby significantly influencing a researcher's day-to-day work. This lecture will present how we evaluate and assess research activities within our academic system. It will outline various aspects and methods of assessment, as well as the underlying values. Finally, it will offer an overview of upcoming changes, including a detailed look at the European Coalition for Advancing Research Assessment (CoARA).

Discussion and conclusion

11:30-12:00

The event will be held in Slovenian and coordinated by Sara Maksimović (SZK UP). The event will be recorded.
